

Our Vision for Healthy Crops & Economy of Farmers

ISO 14001: 2015

ABOUT US

General Crop Science Pvt Ltd is a renowned company founded by an industry expert with decades of experience, along with two promising partners. With 20 years of valuable industry knowledge, GCS has established itself as a key player in several business areas, including technical services, corporate sales, contract manufacturing, domestic brand sales, international trade, and P2P toll formulation services for multinational companies. We are highly regarded as Leading suppliers of Glyphosate and Emamectin Benzote formulations in both the Indian and global markets.

To revolutionize Agrochemical industry by providing farmers with high-quality agrochemical products at competitive prices.

Empowering farmers worldwide with affordable, effective, and sustainable solutions to maximize crop productivity and foster global food security.

35+

Technical Products

25+

Export of Agrochemicals to more than 25+ Countries Worlddwide

300+

Innovative formulations in our basket

100+

100+ registrations in Africa, Middle East & Asian Countries

Our Capabilities includes Process Reactions Expertise

- Bromination
- Esterification
- N,O Alkylation
- Chlorination
- Cyclization
- Friedel Crafts
- Oxidation
- **♦** Sandmeyer
- Epoxidation
- Nitration
- Hydrogenation
- Carbon-Carbon Coupling
- Diazotization
- Grignard Reactions
- Peptide
- Side Chain Halogenation

Technical Manufacturing/Contract Manufacturing Business

Key Highlights of the plant:

- Pilot Plant Facility with In House-Research Centre For Backward Integrations & New Chemistries.
- Fully DCS Operated Zero Liquid Discharge Plant
- Export Operations are viable due to vicinity to Port.

TECHNICAL PRODUCTS RANGE

INSECTICIDES

- Malathion Tech 95%
- Chloropyrifos Tech 94% & 98%
- Cypermethrin Tech 92% & 93%
- BPMC Tech 95%
- Bifenthrin Tech 95%
- Lambda Cyhalothrin Tech 85% Liquid & 98% Powder
- Buprofezin Tech 98%
- Profenofos Tech 95%
- Diafenthiuron Tech 98%
- Chlorantraniliprole Tech 98%
- Pymetrozine Tech 98%
- Fipronil Tech 95%
- Deltamethrin Tech 99%
- Emamectin Benzoate Tech 95%
- Dinotefuran Tech 98%
- Thiamethoxam Tech 97%
- Alphacypermethrin Tech 97%
- Permethrin Tech 95%
- Cartap Hydrochloride Tech 98%

HERBICIDES

- Glyphosate Tech 95%
- Glufosinate Ammonium Tech 95%
- Paraquat Dichloride Tech 42%
- Pretilachlor Tech 95%
- Clodinatop Propargyl Tech 97%
- Safener Tech 95%
- Pendimethalin Tech 96%
- Metribuzin Tech 95 & 97%
- Metsulfuron Methyl Tech 95%
- Sulfosulfuron Tech 95%
- Atrazine Tech 97%
- 2,4-D Ethyl Ester Tech 95%
- 2,4-D Acid Tech 98%
- Pyroxasulfone Tech 95%
- Pyrithiobac Sodium Tech 95%
- Tembotrione Tech 98%
- Halosulfuron Methyl Tech 95%
- Butachlor Tech 85%

FUNGICIDES

- Hexaconazole Tech 92%
- Tebuconazole Tech 97%
- Thiophanate Methyl Tech 97%

- Captan Tech 96%
- Mancozeb Tech 85%
- Carbendazim Tech 98%

FORMULATIONS PLANTS/CONTRACT MANUFACTURING

GCS Owns and Operates a Fully Equipped Factories

Unit - 1 Panipat (Haryana) The factory is ISO 9001:2015, 14001:2015 ISO 17025:2017 and ISO 45001:2018 accredited. it houses carefully segregated productions lines comprising four distinct buildings, each housing meticulously separated production lines to prevent any potential cross-contamination between processes or products.

Unit - 1 Address : Village Vesar | Sub Tehsil Madlauda Panipat - 132113 | Haryana | INDIA

GOOD MANUFACTURING PRACTICE (GMP)

Quality assurance from seed to harvest

- Before production, all raw materials are carefully tested.
- Every batch we produce is tested meticulously at our NABL/ISO 17025-accredited laboratory, to ensure that it adheres to highest quality standards.

Always By Your Side With Innovative Crop Protection and Growth Solutions

In today's fast-evolving business environment, research and growth go hand in hand. At GCS we strive to foster culture of growth through innovation and skill up gradation. We believe that hiring talented people and investing in advanced infrastructure is key to delivery of superior products and services. we are constantly working to improve our competitiveness believe that investing in advanced infrastructure is key to delivery of superior products and services. We are constantly working to improve your competitiveness through product and process innovation. In the past decade, GCS has heavily invested in manufacturing infrastructure, to exercise greater control over the quality of its products. Our team of experienced scientists work closely with our manufacturing division to develop, test and optimize new products and processes.

Unit - 2 and R&D Center RIICO Industrial Area (Rajasthan)

Unit - 2 Houses carefully segregated productions lines situated in 4 separate buildings for each category of chemicals to avoid contamination. It also boasts a state-of-the-art laboratory capable of analyzing agrochemicals, ensuring rigorous quality control measures across different floors and enhancing overall regulatory compliance.

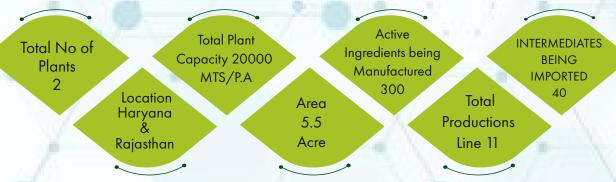

Unit - 2 and R&D Centere Plot No. E-81 | RIICO Industrial Area Ghiloth | Distt. Alwar - 301706 | Rajasthan | INDIA

SUPPLIER OF GLYPHOSATE AND GLUFOSINATE ACROSS THE GLOBE

The Company currently operates factory in Panipat (Haryana) and Ghiloth (Rajasthan). Products include insecticides, herbicides, fungicides, bio stimulants, plant growth regulators etc. GCS places a strategic emphasis on innovative solutions, using in-house R&D capabilities and a committed team of agriculture specialist to fuel a continuous pipeline of new products.

At GCS, We Believe in Providing Integrated Solutions!

Research & DevelopmentResearch & Development is the core strength of General Crop Science Pvt Ltd. We have team of Highly Qualified Scientist, Agri Culture Specialist, Process Engineer, Chemist and QC & QA team to monitor and analyze every process to ensure consistency of Quality. We have a capability to develop and commercialize newproducts as per customer requirements.

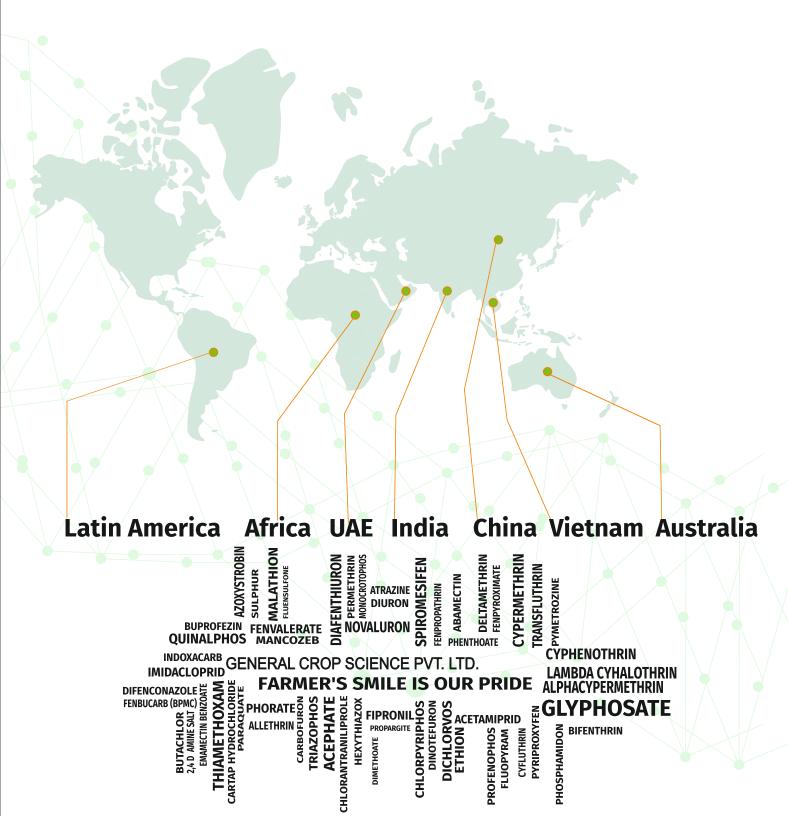

Regulatory Affairs

Acknowledging the growing complexities governing the Crop Protection chemical business and the country specific regulatory framework, General Crop Science Pvt Ltd. puts to the disposal of its Partners, its considerable Regulatory depth, enabling establishment of sustainable business models. Our presence in different countries of Africa, Latin America, UAE, China, Vietnam, has been enabled by our ability to navigate the country specific regulatory needs, our team of regulatory professionals and comprehensive list of GLP regulatory dossiers has enabled us to hold over 100+ registrations in over 50 countries.
